# Online Appendix 

## The Cultural Divide

## Klaus Desmet and Romain Wacziarg

May 2018

NOTE: This online Appendix contains details on the construction of the dataset as well as additional empirical results as mentioned in the main text of the paper.

Table A1 - Wave Groupings

| Two-wave grouping | Listed as |
| :--- | ---: |
| 1972,1973 | 1972 |
| 1974,1975 | 1974 |
| 1976,1977 | 1976 |
| 1978,1980 | 1979 |
| 1982,1983 | 1982 |
| 1984,1985 | 1984 |
| 1986,1987 | 1986 |
| 1988,1989 | 1988 |
| 1990,1991 | 1990 |
| 1993,1994 | 1993 |
| 1996,1998 | 1997 |
| 2000,2002 | 2001 |
| 2004,2006 | 2005 |
| 2008,2010 | 2009 |
| 2012,2014 | 2013 |
| 2016 | 2016 |

| 5-year grouping | Listed as | Includes waves: |
| :--- | ---: | :--- |
| $1972-1976$ | 1974 | $1972,1973,1974,1975,1976$ |
| $1977-1981$ | 1979 | $1977,1978,1980$ |
| $1982-1986$ | 1984 | $1982,1983,1984,1985,1986$ |
| $1987-1991$ | 1989 | $1987,1988,1989,1990,1991$ |
| $1992-1996$ | 1994 | $1993,1994,1996$ |
| $1997-2001$ | 1999 | 1998,2000 |
| $2002-2006$ | 2004 | $2002,2004,2006$ |
| $2007-2011$ | 2009 | 2008,2010 |
| $2012-2016$ | 2014 | $2012,2014,2016$ |

Table A2 - List of Questions Analyzed
A. Questions in 2-wave grouping (76 baseline questions)

| GSS Variable name | Short label | \# of possible answers | GSS Subcategory |
| :---: | :---: | :---: | :---: |
| GSS Category: Civil Liberties |  |  |  |
| courts | courts dealing with criminals | 3 | Crime |
| fear | afraid to walk at night in neighborhood | 2 | Crime |
| grass | should marijuana be made legal | 2 | Crime |
| gunlaw | favor or oppose gun permits | 2 | Crime |
| owngun | have gun in home | 2 | Crime |
| pistol | pistol or revolver in home | 2 | Crime |
| polabuse | citizen said vulgar or obscene things | 2 | Crime |
| polattak | citizen attacking policeman with fists | 2 | Crime |
| polescap | citizen attempting to escape custody | 2 | Crime |
| polhitok | ever approve of police striking citizen | 2 | Crime |
| polmurdr | citizen questioned as murder suspect | 2 | Crime |
| rifle | rifle in home | 2 | Crime |
| shotgun | shotgun in home | 2 | Crime |
| raclive | any opp. race in neighborhood | 2 | Differences \& Discrimination |
| colath | allow anti-religionist to teach | 2 | Free Speech |
| colcom | should communist teacher be fired | 2 | Free Speech |
| colhomo | allow homosexual to teach | 2 | Free Speech |
| libath | allow anti-religious book in library | 2 | Free Speech |
| libcom | allow communists book in library | 2 | Free Speech |
| libhomo | allow homosexuals book in library | 2 | Free Speech |
| spkath | allow anti-religionist to speak | 2 | Free Speech |
| spkcom | allow communist to speak | 2 | Free Speech |
| spkhomo | allow homosexual to speak | 2 | Free Speech |
| GSS Category: Current Affairs |  |  |  |
| class | subjective class identification | 4 | Economic Well-Being |
| finrela | opinion of family income | 5 | Economic Well-Being |
| satfin | satisfaction with financial situation | 3 | Economic Well-Being |
| satjob | job or housework | 4 | Economic Well-Being |
| nataid | foreign aid | 3 | National Spending |
| natarms | military, armaments, and defense | 3 | National Spending |
| natcity | solving problems of big cities | 3 | National Spending |
| natcrime | halting rising crime rate | 3 | National Spending |
| natdrug | dealing with drug addiction | 3 | National Spending |
| nateduc | improving nations education system | 3 | National Spending |
| natenvir | improving \& protecting environment | 3 | National Spending |

| GSS Variable name | Short label | \# of possible answers | GSS Subcategory |
| :---: | :---: | :---: | :---: |
| natfare | welfare | 3 | National Spending |
| natheal | improving \& protecting nations health | 3 | National Spending |
| natrace | improving the conditions of blacks | 3 | National Spending |
| natspac | space exploration program | 3 | National Spending |
| abdefect | strong chance of serious defect | 2 | Social Issues |
| abhlth | woman's health seriously endangered | 4 | Social Issues |
| abnomore | married--wants no more children | 4 | Social Issues |
| abpoor | low income-can't afford more children | 4 | Social Issues |
| abrape | pregnant as result of rape | 4 | Social Issues |
| absingle | not married | 4 | Social Issues |
| getahead | opinion of how people get ahead | 3 | Social Issues |
| richwork | if rich, continue or stop working | 2 | Social Issues |
| GSS Category: Gender \& Marriage |  |  |  |
| aged | should aged live with their children | 3 | Children \& Working |
| chldidel | ideal number of children | 9 | Children \& Working |
| fair | people fair or try to take advantage | 3 | Life Satisfaction |
| happy | general happiness | 3 | Life Satisfaction |
| health | condition of health | 4 | Life Satisfaction |
| helpful | people helpful or looking out for selves | 3 | Life Satisfaction |
| life | is life exciting or dull | 3 | Life Satisfaction |
| trust | can people be trusted | 3 | Life Satisfaction |
| hapmar | happiness of marriage | 3 | Marriage |
| homosex | homosexual sex relations | 4 | Sex \& Sexual Orientation |
| pornlaw | feelings about pornography laws | 3 | Sex \& Sexual Orientation |
| premarsx | sex before marriage | 4 | Sex \& Sexual Orientation |
| xmarsex | sex with person other than spouse | 4 | Sex \& Sexual Orientation |
| xmovie | seen x-rated movie in last year | 2 | Sex \& Sexual Orientation |
| GSS Category: Politics |  |  |  |
| conarmy | confidence in military | 3 | Confidence \& Power |
| conbus | confidence in major companies | 3 | Confidence \& Power |
| conclerg | confidence in organized religion | 3 | Confidence \& Power |
| coneduc | confidence in education | 3 | Confidence \& Power |
| confed | confid. in exec branch of fed govt. | 3 | Confidence \& Power |
| conjudge | confid. in united states supreme court | 3 | Confidence \& Power |
| conlabor | confidence in organized labor | 3 | Confidence \& Power |
| conlegis | confidence in congress | 3 | Confidence \& Power |
| conmedic | confidence in medicine | 3 | Confidence \& Power |
| conpress | confidence in press | 3 | Confidence \& Power |
| consci | confidence in scientific community | 3 | Confidence \& Power |

| GSS Variable <br> name | Short label | \# of <br> possible <br> answers | GSS Subcategory |
| :--- | :--- | ---: | :--- |
| contv | confidence in television | 3 | Confidence \& Power |
| news | how often does r read newspaper | 5 | Political Beliefs |
| GSS Category: Religion \& Spirituality |  |  |  |
| postlife | belief in life after death | 2 |  |
| attend | how often $r$ attends religious services | 9 | Religious Affiliation \& Behaviors |
| fund | how fundamentalist is r currently | 3 | Religious Affiliation \& Behaviors |

B. Questions only in 5-year grouping (20 additional questions)

| GSS Variable name | Short label | \# of possible answers | GSS Subcategory |
| :---: | :---: | :---: | :---: |
| GSS Category: Civil Liberties |  |  |  |
| cappun | favor or oppose death penalty for murder | 2 | Crime |
| colmil | allow militarist to teach | 2 | Free Speech |
| colrac | allow racist to teach | 2 | Free Speech |
| libmil | allow militarists book in library | 2 | Free Speech |
| librac | allow racists book in library | 2 | Free Speech |
| spkmil | allow militarist to speak | 7 | Free Speech |
| spkrac | allow racist to speak | 7 | Free Speech |
| GSS Category: Current Affairs |  |  |  |
| sexeduc | sex education in public schools | 3 | Social Issues |
| GSS Category: Gender \& Marriage |  |  |  |
| socbar | spend evening at bar | 7 | Children \& Working |
| socfrend | spend evening with friends | 7 | Children \& Working |
| socommun | spend evening with neighbor | 7 | Children \& Working |
| socrel | spend evening with relatives | 7 | Children \& Working |
| divlaw | divorce laws | 3 | Marriage |
| GSS Category: Politics |  |  |  |
| confinan | confid in banks \& financial institutions | 3 | Confidence \& Power |
| fepol | women not suited for politics | 2 | Political Beliefs |
| polviews | think of self as liberal or conservative | 7 | Political Beliefs |
| tax | right amount of federal income tax | 4 | Political Beliefs |
| tvhours | hours per day watching tv | 24 | Political Beliefs |
| GSS Category: Religion \& Spirituality |  |  |  |
| prayer | bible prayer in public schools | 2 | Beliefs |
| reliten | strength of affiliation | 4 | Religious Affiliation \& Behaviors |

Table A3-Identity Cleavage Definitions

| Age: | Race: |
| :---: | :---: |
| Below 20, | White |
| 20-35, | Black |
| 35-50, | Other |
| 50-65 | Region: |
| 65+ | New England Middle Atlantic |
| Education: |  |
| Less than HS, | East North Central |
|  | West North Central |
| Junior college | South Atlantic |
| Bachelor | East South Central |
| Graduate | West South Central |
| Ethnicity: $\quad$ Mountain |  |
| Eastern Europe | Pacific |
| Western Europe | Urbanicity: |
| Southern Europe | Respondent city <9,999 inhabitants |
| Northern Europe | Respondent city [10,000 and 99,999] inhabitants |
| America | Respondent city [100,000 and 999,999] inhabitants |
| East Asia | Respondent city > 1 million inhabitants |
| South Asia | Religion |
| Sub-Saharan Africa | Catholic |
| Other | Protestant |
| Family Income: | Jewish |
| Wave-specific income quintiles | None |
| Gender: | Other (includes GSS categories 6-13) |
| Male | Work Status: |
| Female | Working full time |
| Party ID: | Working part time |
| Strong democrat | With job, not at work: temporary illness, vacation, strike |
| Not strong democrat | Unemployed, laid off, looking for work |
| Independent, near democrat | Retired |
| Independent | In school |
| Independent, near republican | Keeping house |
| Not strong republican | Other |
| Strong republican |  |

Table A4 - CF by Time Period and Fst by Time Period and Cleavage (5-year grouping, 96 Questions)

| Time Period | CF | $\begin{aligned} & \hline \mathrm{F}_{\text {ST }} \\ & \text { Age } \end{aligned}$ | FST Educ. | $\mathrm{F}_{\mathrm{ST}}$ Ethnic. | $F_{\text {ST }}$ <br> Family income | $F_{S T}$ Gender | $\begin{gathered} \text { F ST } \text { Party } \\ \text { ID } \end{gathered}$ | Fst Race | $F_{s T}$ Region | $F_{\text {ST }}$ Urban. | FST Work Status | $\mathrm{F}_{\mathrm{ST}}$ Religion |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: |
| 1974 | 0.516 | 0.026 | 0.028 | 0.011 | 0.017 | 0.005 | 0.012 | 0.009 | 0.014 | 0.011 | 0.018 | 0.021 |
| 1979 | 0.516 | 0.025 | 0.028 | 0.012 | 0.017 | 0.006 | 0.011 | 0.009 | 0.016 | 0.011 | 0.016 | 0.021 |

| 2009 | 0.514 | 0.014 | 0.025 | 0.017 | 0.018 | 0.006 | 0.018 | 0.012 | 0.012 | 0.008 | 0.013 | 0.025 |
| 2014 | 0.510 | 0.012 | 0.022 | 0.014 | 0.016 | 0.005 | 0.020 | 0.011 | 0.010 | 0.007 | 0.012 | 0.026 |

Time period refers to 5-year groupings. So for instance 1974 refers to pooled data over the 1972-1976 period.

Table A5- Dynamics of CF and $\mathrm{Fss}^{2}$, by Cleavage

## (5-year grouping, 1972-2016, 96 Questions)

|  | U-shaped | Hump-Shaped | Increasing | Decreasing | Flat |
| :---: | :---: | :---: | :---: | :---: | :---: |
| Panel A: CF |  |  |  |  |  |
| CF | 14.43\% | 11.34\% | 22.68\% | 25.77\% | 25.77\% |
| Panel B: F FsT |  |  |  |  |  |
| Age | 15.46\% | 3.09\% | 8.25\% | 34.02\% | 39.18\% |
| Education | 11.34\% | 2.06\% | 11.34\% | 24.74\% | 50.52\% |
| Ethnicity | 12.37\% | 1.03\% | 18.56\% | 4.12\% | 63.92\% |
| Family Income | 5.15\% | 2.06\% | 19.59\% | 17.53\% | 55.67\% |
| Gender | 7.22\% | 10.31\% | 13.40\% | 13.40\% | 55.67\% |
| Party ID | 29.90\% | 3.09\% | 23.71\% | 4.12\% | 39.18\% |
| Race | 8.25\% | 2.06\% | 25.77\% | 7.22\% | 56.70\% |
| Region | 6.19\% | 0.00\% | 3.09\% | 23.71\% | 67.01\% |
| Religion | 20.62\% | 0.00\% | 16.49\% | 7.22\% | 55.67\% |
| Urbanicity | 10.31\% | 0.00\% | 7.22\% | 23.71\% | 58.76\% |
| Work status | 9.28\% | 5.15\% | 10.31\% | 26.80\% | 48.45\% |
| Panel B Average | 12.37\% | 2.62\% | 14.34\% | 16.96\% | 53.70\% |

Note: This Table displays the fraction of questions, among the 96 in our 5-year grouping sample, for which CF or $\mathrm{F}_{\mathrm{ST}}$ follow the types of dynamics listed in the first row, i.e. U-shaped, hump shaped, increasing, decreasing or flat. To assess these dynamics, we regress for each question its CF / Fst on a time trend and its square. If both the linear and quadratic terms are statistically significant at the $5 \%$ level, and the vertex of the fitted quadratic curve is between 1980 and 2005, we characterize the dynamics as either U-shaped or hump-shaped. In all other cases, we run a linear regression of CF / Fst on a time trend, and classify the dynamics as increasing, decreasing or flat depending on whether the coefficient on the time trend is significantly positive, significantly negative, or insignificant, respectively.

Table A6 - Dynamics of CF, by Question Category and Sub-category (5-year grouping, 1972-2016, 96 Questions)

| Question Category | Question Sub-category | \# of questions | U-shaped | Hump- <br> Shaped | Increasing | Decreasing | Flat |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: |
| Civil Liberties |  | 32 | 18.75\% | 12.50\% | 15.63\% | 40.63\% | 12.50\% |
|  | Crime | 14 | 35.71\% | 0.00\% | 28.57\% | 28.57\% | 7.14\% |
|  | Differences \& Discrimination | 3 | 33.33\% | 33.33\% | 0.00\% | 0.00\% | 33.33\% |
|  | Free Speech | 15 | 0.00\% | 20.00\% | 6.67\% | 60.00\% | 13.33\% |
| Current Affairs |  | 24 | 4.17\% | 4.17\% | 33.33\% | 16.67\% | 41.67\% |
|  | Economic Well-Being | 4 | 0.00\% | 25.00\% | 50.00\% | 0.00\% | 25.00\% |
|  | National Spending | 11 | 9.09\% | 0.00\% | 27.27\% | 9.09\% | 54.55\% |
|  | Social Issues | 9 | 0.00\% | 0.00\% | 33.33\% | 33.33\% | 33.33\% |
| Gender \& Marriage |  | 19 | 31.58\% | 15.79\% | 26.32\% | 10.53\% | 15.79\% |
|  | Children \& Working | 6 | 33.33\% | 16.67\% | 33.33\% | 0.00\% | 16.67\% |
|  | Life Satisfaction | 6 | 33.33\% | 0.00\% | 33.33\% | 16.67\% | 16.67\% |
|  | Marriage | 2 | 50.00\% | 50.00\% | 0.00\% | 0.00\% | 0.00\% |
|  | Sex \& Sexual Orientation | 5 | 20.00\% | 20.00\% | 20.00\% | 20.00\% | 20.00\% |
| Politics |  | 16 | 0.00\% | 0.00\% | 18.75\% | 31.25\% | 50.00\% |
|  | Confidence \& Power | 13 | 0.00\% | 0.00\% | 7.69\% | 30.77\% | 61.54\% |
|  | Political Beliefs | 3 | 0.00\% | 0.00\% | 66.67\% | 33.33\% | 0.00\% |
| Religion \& Spirituality |  | 5 | 0.00\% | 60.00\% | 20.00\% | 20.00\% | 0.00\% |
|  | Beliefs | 2 | 0.00\% | 50.00\% | 0.00\% | 50.00\% | 0.00\% |
|  | Religious Affiliation \& Behaviors | 3 | 0.00\% | 66.67\% | 33.33\% | 0.00\% | 0.00\% |

Note: This Table displays the types of dynamics of CF for different categories and subcategories of questions, as defined by the GSS. The types of dynamics are listed in the first row, i.e. U-shaped, hump shaped, increasing, decreasing or flat. To assess these dynamics, we regress for each question its CF on a time trend and its square. If both the linear and quadratic terms are statistically significant at the $5 \%$ level, and the vertex of the fitted quadratic curve is between 1980 and 2005 , we characterize the dynamics as either U-shaped or hump-shaped. In all other cases, we run a linear regression of CF on a time trend, and classify the dynamics as increasing, decreasing or flat depending on whether the coefficient on the time trend is significantly positive, significantly negative, or insignificant, respectively. We then summarize these dynamics by averaging within question categories / subcategories.

Table A7 - Dynamics of Fst, by Question Category and Sub-category, averaged across 11 cleavages (5-year grouping, 1972-2016, 96 Questions)

| Question Category | Question Sub-category | \# of questions | U-shaped | HumpShaped | Increasing | Decreasing | Flat |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: |
| Civil Liberties |  | 32 | 15.06\% | 3.69\% | 15.06\% | 25.85\% | 40.34\% |
|  | Crime | 14 | 14.94\% | 4.55\% | 22.73\% | 9.09\% | 48.70\% |
|  | Differences \& Discrimination | 3 | 15.15\% | 6.06\% | 9.09\% | 9.09\% | 60.61\% |
|  | Free Speech | 15 | 15.15\% | 2.42\% | 9.09\% | 44.85\% | 28.48\% |
| Current Affairs |  | 24 | 10.98\% | 1.89\% | 17.42\% | 12.50\% | 57.20\% |
|  | Economic Well-Being | 4 | 0.00\% | 0.00\% | 27.27\% | 9.09\% | 63.64\% |
|  | National Spending | 11 | 7.44\% | 3.31\% | 17.36\% | 11.57\% | 60.33\% |
|  | Social Issues | 9 | 20.20\% | 1.01\% | 13.13\% | 15.15\% | 50.51\% |
| Gender \& Marriage |  | 19 | 10.05\% | 1.44\% | 10.53\% | 14.35\% | 63.64\% |
|  | Children \& Working | 6 | 6.06\% | 3.03\% | 1.52\% | 13.64\% | 75.76\% |
|  | Life Satisfaction | 6 | 4.55\% | 0.00\% | 13.64\% | 15.15\% | 66.67\% |
|  | Marriage | 2 | 4.55\% | 0.00\% | 13.64\% | 13.64\% | 68.18\% |
|  | Sex \& Sexual Orientation | 5 | 23.64\% | 1.82\% | 16.36\% | 14.55\% | 43.64\% |
| Politics |  | 16 | 10.23\% | 2.84\% | 10.23\% | 8.52\% | 68.18\% |
|  | Confidence \& Power | 13 | 6.29\% | 2.80\% | 11.89\% | 6.29\% | 72.73\% |
|  | Political Beliefs | 3 | 27.27\% | 3.03\% | 3.03\% | 18.18\% | 48.48\% |
| Religion \& Spirituality |  | 5 | 14.55\% | 1.82\% | 47.27\% | 36.36\% | 100.00\% |
|  | Beliefs | 2 | 22.73\% | 0.00\% | 22.73\% | 4.55\% | 50.00\% |
|  | Religious Affiliation \& Behaviors | 3 | 9.09\% | 3.03\% | 42.42\% | 45.45\% | 100.00\% |

Note: This Table displays the types of dynamics of Fst for different categories and subcategories of questions, as defined by the GSS. The types of dynamics are listed in the first row, i.e. U-shaped, hump shaped, increasing, decreasing or flat. To assess these dynamics, we regress for each question its Fst on a time trend and its square. If both the linear and quadratic terms are statistically significant at the $5 \%$ level, and the vertex of the fitted quadratic curve is between 1980 and 2005, we characterize the dynamics as either U-shaped or hump-shaped. In all other cases, we run a linear regression of Fst on a time trend, and classify the dynamics as increasing, decreasing or flat depending on whether the coefficient on the time trend is significantly positive, significantly negative, or insignificant, respectively. We then summarize these dynamics by averaging within question categories / subcategories and across all 11 cleavages.

| Average | $\mathbf{0 . 1 2 5}$ | $\mathbf{0 . 0 0 9}$ | $\mathbf{0 . 0 1 1}$ | $\mathbf{0 . 0 0 4}$ | $\mathbf{0 . 0 0 8}$ | $\mathbf{0 . 0 0 4}$ | $\mathbf{0 . 0 1 0}$ | $\mathbf{0 . 0 0 2}$ | $\mathbf{0 . 0 0 7}$ | $\mathbf{0 . 0 1 6}$ | $\mathbf{0 . 0 0 4}$ |

Time period refers to 5-year groupings. So for instance 1974 refers to pooled data over all waves of the GSS in the 1972-1976 period.

Figure A1 - CF over Time (96 questions, 5-year grouping)

Figure A2 - Average Cultural $\mathrm{F}_{\mathrm{ST}}$ over Time for 11 Cleavages (96 questions)

Figure A3 - Evolution of Fst for Each of 11 Cleavages, over Time

$\mathrm{F}_{\mathrm{ST}}$ Urbanicity (96 questions, 5-year grouping)

Figure A4 - Total R ${ }^{\mathbf{2}}$ Across All 11 Cleavages, Over Time (96 Questions, 5-year grouping)

Figure A5 - Partial $\mathbf{R}^{\mathbf{2}}$ for Each of 11 Cleavages, over Time

Partial R2 - Region (96 Questions, 5-year grouping)

Partial R2 - Urbanicity (96 Questions, 5year grouping)
